vouch for op good luck with sales

jk fuck off

aqvas - December 22, 2017, 1:11 pm

What kind of computer language did you write ?

Gt403cyl - December 22, 2017, 1:34 pm

Well considering you can't reply to a PM....

This is REALLY OLD software that was originally sold here....

Going to guess it's infected.

The bound RAT Binary which he included in his special release. ?

ONURIS - December 23, 2017, 6:55 am

the Github source dont work also this is poor tool and very old many features dont work

Leo Mikaelson - December 23, 2017, 6:58 am

PlasmaRAT well that does bring back some memories.

I need not say anymore. Foolish to use this, trust it or even bother thinking any further about it.
