Hello HF,

I need a logo that says: clout

I sort of like this one but need one with good resolution.

Note: This was traced very quickly using the Pen Tool in Illustrator, I can provide the .ai file and also can be provided in whichever colour and/or resolution you would prefer. All credit goes to the original creator of the logo I just wanted to provide these to save a job. (Also, yes I know the lines are a little wonky but this can be edited easily)
