Thread: [Who do you follow on Twitter? \[Cryptos\]](#)

JOW - December 22, 2017, 6:24 pm

Just wondering if we can come up with a good "must follow" list of twitter accounts that publish news and crypto speculations on a daily basis?

People like John McAfee, JP Morgan, Roger Ver, Charlie Lee. etc etc.

I think we can all benefit from this, so please let us know who you follow!
