Looks like this section is dying now? Lol.

Ok based on your list, I recommend you to checkout Psycho-Pass and Tokyo Ghoul to start off.

I personally didn't like the step of bourto going into what we've seen in the first season of naruto but a few friends said it's good. Wouldn't hurt to try it out, but also maybe one piece, cowboy behop or fairy tail is something you might enjoy.

DLuffy - December 28, 2017, 2:19 am

Akame ga Kill is also great
