Thread Design Coming Soon

START YOUR OWN VPN COMPANY WITH OUR HELP

Ever wanted to run your own VPN Company well we have the solution for you. We will take you through the entire process, along with providing you a custom script that's never been seen before on the marketplace, we will help you setup every individual server, domain, hosting, with providers.

The web-panel is built with a PHP backend and a client written in C#. It uses a smooth custom OpenVPN authentication using Perl.

The PHP alone consists off around 15k lines of code. This is everything you need to run a brand new VPN company or upgrade your own.

EVERYTHING YOU NEED TO GET GOING

When we say everything we mean everything, from a custom client, future updates and 24/7 Dedicated support.

ALL THESE FEATURES AND MORE

- Automated PayPal checkout.
 - Gift Code system.
 - Announcements.
 - Ratings.
 - Custom Authentification Module.
 - Blog.
 - Analytics (Earnings, user base and more).
 - Support Tickets.
 - Server Status (Also automated).
 - Port Forwarding.
 - Live Group Chat.
 - User groups.
 - Painless Smooth user account management and authentication.
 - Brute Force Protection (Basic)
- (BTC PAYMENTS BEING ADDED)
