Thread: [Shopify Coaching - 1 on 1 Coaching Until YOU EARN \\$20,000/Mo GUARANTEED | NO E-BOOK](#)

So,
Tando promised me to mentor with shopify on earning 500\$/day or money back guarantee.
So I contacted him and he asked me my skype name and I replied him with the name and to verify himself on skype.
I dealt with him on skype.

It couldnt have been a imposter because he himself verified the skype:

I asked him to show his earning proof, he denied:

I know I should have get a red alert.

Payment proof:

He said he have recieved the funds:

I told him to start the lessons from 16th, I paid him on 14th Dec.

But he postponed the session to monday:

I asked him for a refund if he delays anymore:

On monday after calling him, I got this reply:

On tuesday I again ask for a refund:

On wednesday , we had a call session (me , tando, one more hf dude, james{tando's partner}) and they promised to give a video on how to setup the store. and we got the video after waiting 5-6 hours.

The issue started when I asked for the next video:

TBH I dont see it getting resolved at all.

Honestly I prevented 2 guys from buying, I told them to wait for updates from me. ?

DuelPit - December 26, 2017, 2:02 am

Sorry for your loss bro, you'll probably not see that money again sadly. This is the reason why REP doesn't mean anything.

Nebo - December 26, 2017, 2:07 am

This is one of the reasons why I don't purchase coaching from anyone on HF.
So irresponsible, feel sorry for your loss OP.

I can throw you a shopify course if you're interested lmk, I have it somewhere on mega.

explodinx - December 26, 2017, 2:15 am

wow \$300, thats a ridiculous amount to lose, especially on coaching, but then again. things that sound too good to be true are usually not true, hope you dont get scammed like this again

and sorry for your loss, wish i could help, but im a broke little hackforums noob, so you get a "sorry for your loss"

Anima - December 26, 2017, 2:19 am

Not really but I was also interested in shopify coaching & sent him a PM offering middleman to hold \$300 until I earn atleast \$300 back (which should be no more than couple days judging by his thread) and he refused.

Spoiler [\(Click to View\)](#)

It was instantly sketchy that someone who is making "\$20,000/month" from Shopify doesn't want to wait 30 days for middleman to release money. After that he PM'd me offering 50% now and 50% later which was pretty obvious sign that he is desperate for money and after that I decided that no matter what I'm not going to purchase his coaching/mentoring/course/whatever.

Lion - December 26, 2017, 7:06 am

Damn man, super shitty scenario. Guess it was too good to be true. I remember him being such an active and contributing member too, rip.

The Doge of Wall Street - December 26, 2017, 7:14 am

damm bro feel really bad for you ...
but still earn 20K\$ a month for 300\$ should have been a red flag....

briend - December 26, 2017, 7:18 am

saw it coming, thanks for warning (y)

Ninja™ - December 26, 2017, 2:23 pm

Thank you everyone for helping me.

Till now I havent heard back from him.

He tried to scam another user:

<https://hackforums.net/showthread.php?tid=5766598&pid=56431337#pid56431337>

But wasnt successful as the user had already seen my posts.

Zeke - December 26, 2017, 7:12 pm

Over the course of years that I've been here, I've seen him do several things that make people outrageous money and all of them have costed a lot, from "his private methods" to this. Sad to see this, hope it gets resolved.

JOW - December 26, 2017, 7:17 pm

Damn dude this guy was asking me for money for coaching as well. I'm glad I didn't fall for it. Has he tried to fix things with you yet?

Hopefully he gets his account closed. It is all quite evidently fake and he has absolutely no funds whatsoever.

Staff doesn't get involved in deal disputes.

So it's not going to happen.
