Thread: [I Need Shameless Season 8 working links to stream episodes](#)

FakeTrumpTweetsiOSApp - December 26, 2017, 5:25 pm

Does anyone know or have Shameless season 8 episodes 5, 6, and 7 by any chance. I used to be able to watch them online but the site isn't uploading them now. I refuse to go through Showtime and pay their prices specific for this show. I only have iOS so that showbox app is no help to me. Thanks in advance.

Yeah it takes forever to hit Netflix though. I try to stay up to date as much as possible.
