I saw one guy talking about the price. This is not a big price, this is too low. Money making methods that are being sold for 25\$ are bullshit. Why would anyone sell you method for 25\$ if you can make thousands with it... If it's too much for you, don't buy it ;)

**Zyth** - December 28, 2017, 2:10 pm

Very much interested. Waiting for review from vouch.

**nanohits** - December 28, 2017, 8:20 pm

Im interested but does this have anything to do with reselling or CPA etc?

**JELLY?IsH** - December 29, 2017, 3:05 am

Hey there,

It has nothing to do with CPA or any simillar method. Everything is legal and if you need mentoring, I'm willing to help.

Best regards,

**quickshot176** - December 29, 2017, 9:30 am

i'm really interested but the problem is "You need to have Apple device and account (iPhone, Mac, iPod, iPad)"

Is it possible to do without an apple device?

Yes, I need to fix that inside my thread. You can do it by using iOS emulators. But I prefer having device for the third method (3 methods included).

Received a vouch copy from the ebook seller, and here is my review for this ebook.

#### Grammar

Decent grammar. Explained very well.

#### Originality

Never seen something like this before. Great opportunity to make great profits.

#### Layout

Nice layout. Nothing special, but clean and looks good.

#### Ease of use

Does not seem to be hard at all. Does not require hard work and high investments. Detailed ebook with awesome methods.

#### Overall

High quality ebook. Price is a little high, but you will earn it back.

Hey Bundle,

Thank you one more time for investing time into reading my ebook and writing a review.

**quickshot176** - *December 29, 2017, 5:21 pm*

how much time to make profit? first day?

**quickshot176** - *December 29, 2017, 6:00 pm*

ok thanks! initial investment needed? how much?

**JELLY?IsH** - *December 30, 2017, 2:56 pm*

There was a small misunderstanding between me and moderator. Everything is solved.

Thank you for 2 purchases and especially to Bundle on his review of this ebook.

A big vouch for Symbio. I bought this method but havent had time to try it. But he is fantastic with his support. Always trying to help. This is the kind of service you want when you buy an Ebook. Often times you find many that sell and dont give a shit after they have sold it and rarely help.

I have purchased this some time ago and in my opinion method is unethical and Black Hat. I am NOT comfortable with such methods and asked seller for refund, but till today no response about it.

Hi Johnny125,

First of all you started with lying right away: "but till today no response about it". Last time we talked was yesterday, and few time before too. As is stated in T.o.s, refund is available only if both parties agree and only if this method doesn't work. The problem with your refund request is that you didn't even try using this method. Also thereis one problem with your statement about this method being black hat. And the last thing, this method is NOT BLACK HAT. I told you already, read companie's TOS and you'll find my method completely legal.

I'm sorry but I can't give you refund. All I can do is help you set up everything and make some money!

Don't worry about the profit, I'm not here to lie. I really think that my ebook is legit and as I said in thread, I'm not doing this to take money from you. I want to help every single one of you and grow my reputation. I have all the proofs from the chat between me and the user above.

There are some paid and some free emulator, you can use whichever you want, both will work for this.

You promised me that you have agreed with your partners that you will refund me.

However I don't care about this - I have purchased this for \$75 with a big discount and now you are selling this even cheaper without discount.

Just wanted to show people in here that they should be careful with this purchase.

Method in my opinion is illegal and need social techniques which I consider BLACKHAT.

It indeed works. Having an iPhone, iPad, or iPod will make this method so much better compared to an emulator imo.

UPDATE: I want to make one thing clear. If you read all the posts in this thread you might be asking yourself if this method is actually legal? Yes, it is legal. The problem is that people do not know terms of services of THE COMPANY that I used for these methods. If you check their terms, you can find that my method is completely legal to use. Anyway, there's 17 more copies left to buy for \$60. After all copies are sold, I'm probably going to sell rights to this ebook.

**Malicious`** - January 22, 2018, 5:28 am

Overall: 9.5/10

Writing: 9/10

Methods: 10/10

I have received a vouch copy of Symbio's ebook. I understand why he is keeping the amount of sold copies to the bare minimum. Symbo describes this method as greyhat, but legal and he is completely right. The ebook is 12 pages long, covers 3 methods and is very easy to read. I believe English is not OP's native language but I didn't have any problem understanding his guide.

In order for the methods to work a small investment is required, but you are guaranteed to get your invested money back. I had a few questions after reading the ebook and was helped almost immediately by Symbio. I tested 2 out of 3 methods mentioned in the ebook and both made me money immediately. You are guaranteed to earn your investment back within just a few days.

The methods themselves are also very original. I haven't seen a single ebook mentioning what Symbio did. Everyone can do this by the way, it is very straight-forward and not time consuming at all.
