Currently playing with a smurf which is currently at Bronze 1. If there is someone who wants to get some free wins at that elo he can let me know

Kind of tempted. I haven't played a game of ranked in forever and only played a game of rift like once since summer. How long are you gonna be playing?

The Slotfather - December 28, 2017, 3:37 am

Gonna do 1-2 games more before going to gym and more later after that :)
