Thread: [Easiest way to earn money with your Android Phone \(No watching ADS or download stuffs](#)

K4y31 - January 1, 2018, 7:47 am

I've found this method lately and I'm excited to share with you guys!

This doesn't include downloading apps or watching ads (optional)

All you need is time and patience (and a Paypal account 'cause it pays through Paypal gift card)

But this require you to have an Android phone (rip Apple fans) that is ROOTED (if not, you should have a computer and an adapter to connect to your android phone)

Ok so here's the apps you need:

- FRep - Finger Replayer
- Free Cash - Make Money App

That's all you need! GLHF

My friend has been a victim of this, dedicated hours of his time and couldn't make a cent out of it.

It's quite interesting, it's a pity that this method is not available on IOS.
