her0 - January 4, 2018, 5:43 am

Posting my reply here again since the previous thread closed as soon as I posted :((looking to join gaming)

Username: her0

Age: 20

Gaming Platforms: PC

Games: PUBG, CSGO , GTA, BF1, H1Z1, LFD2, Rocket League and Minecraft.

Why do you believe you belong to be a part of this group?:

My passion for video games is something I can bring, I love gaming and I think it can only be expressed on a group like this. I am skilled over a variety of different games and I believe that I will be a good contribution to the sub-forum and other gamers. I think that I can bring friendliness and try to end any rivalry or bitterness amongst the group.

Will you be dedicated to the group?:

I can bring activity to the group by playing with fellow members, making the sub-forum active and just being a good sport. I have the right attitude and the capability to bring something new to the sub-forum and I can ensure that my activity and the time I spend will be productive. Due to my activity, I will be available on a regular basis thus making the sub-forum more popular. I can bring a positive ethos to the group through my sportsmanship which is something that is scarce amongst the gaming community

Do you have anything note-able gaming related?:

Not quite sure what you mean here haha. but anything tangible? i don't think so.

Favorite gaming quote?:

"A hero need not speak. When he is gone, the world will speak for him." - Halo

1. Username: -VOID-

2. Age: 19

3. Description of yourself: I'm just a guy from The Netherlands. I like to game, been doing it since I was like 5 years old, playing on the PS1 and Game Cube. Man those were the days. I also enjoyed Runescape a lot from age 8-12 (man believe me, I nolified the fucks out of it). When I was about 15, I used to be in a CoD clan, we would play alot of league play on BO2, full diamond team and all that shit, and I've done a lot of scrims and gamebattles too. After BO2 I played Ghosts a bit but never really liked any CoD's after BO2 (but still bought them all). Still open for 1v1's though, it wont be an easy fight. Lately I've been doing some Rainbow Six Siege, and bought Halo: The Master Chief Collection for the nostalgia. Oh and I also enjoy games like PUBG, and my favorites are zombie survival games like H1Z1 and DayZ. That's all about gaming. For the rest, I like to hang out with my friends, and go out, and working out.

4. Gaming platform: PS4, XB1, PC, iPad (mentioning iPad because I have this battle royale game called Rules of Survival which is pretty neat to play with your friends, you should definitely check it out.)

Thanks for giving us the opportunity to make an application! :) So... here we go. ~ - My Application - ~

- Username - Darb

- Age - 22

- Description of myself - You can call me Darb. I am 22 years old and I am living somewhere in the world. One of my crazy hobbies is Urban Exploration & Photography, worldwide. That means, I am visiting places, which are lost. It is impressive to see, how the nature recovers everything. And there, I am taking pictures. In addition to that, I am hanging out with my friends and smoke Shisha :) Ofcourse I am playing games.. What would I be without gaming?! So yea, that's it.. a short description of myself! :)

- Gaming platform - PC

- Am I joining for the lounge or for the gaming? - Hmm.. this is actually a difficult question. I would prefer it, to join for the gaming, because I am still looking for some new team mates and a gaming group. Of course I want to share informations about games with other gamers, learning and presenting new tactics and getting better for each game. Helping out, giving tips and fixing problems to make the gaming unique. But to join for the lounge would be also fine. It is interesting, what people write about. Oh, before i forget it: I am playling currently PUBG, Fortnite, Call of Duty, DayZ, CS:GO and Rocket League.

This was my application. Thanks for reading it! :) Have a nice day.

fairly high at Pokemon & Tekken events, lol. I've also done well in online Poker (more or less gambling than gaming) All in all, I'm just a laid back, keep to myself, respectful person, but I'm always willing to lend a hand if possible.

4. Gaming platform: PC & PS4 (Generally PC, my PS4 has basically become a giant paperweight with Netflix on it.)

5. Are you joining for the lounge or for the gaming? I would say I have multiple reasons of joining. I'd like to connect with other gamers on the site since I'm generally looking for people to play with when it comes to PUBG, Arma, GTA, Five M RP etc. As well as I wouldn't mind shooting some conversation back and forth with other members casually. I also find "Sheep Gang" to be a very funny and interesting group name choice, but it appeals to me.

Looking forward to a response! Thanks!

Description of yourself

I work for the United State's Air Force as a computer technician, I enjoy strategy, critical thinking, and unconventional methods of solving a problem. I enjoy creating my own fun out of video games, and becoming proficient with the skill curve required for specific games. I'll spend most of my weekday afternoons playing games and on the weekends I'll tend to go off and enjoy my days off with friends, with activities such as hiking, biking, traveling, and occasional poker games.

Are you joining for the lounge or for the gaming?

I would like to join the gaming portion of the group, not a big fan of lounge discussions.
