Thread: [\[Free\] Bitcoin Transaction Accelerator \[All Members\]](#)

eXceptional - January 3, 2018, 10:05 am

Hey guys, I have been on the forums for quite a while and I noticed that long transactions have been one of the most issues of users nowadays. I am offering a FREE transaction accelerator.

I will leave my BTC address below for tips if ever you guys want.

bitcoin:19t3zuZ3kBk8nr4DskqhKkingtQTNs7AdB

Just leave your TXID below and I will accelerate the transaction. I do not guarantee that it would be confirmed exactly the moment I accelerate. The point here is for those people who made a transaction and have waited for a long time and yet it hasn't been confirmed yet.

I am online almost the whole day since I work in front of my desktop.

Guys please be generous and at least reply if your transaction is accelerated. I'm not sending any PM's doesn't mean I'm not accelerating the transactions. Anyone whose transaction is still stuck after 24 hours of posting here please PM me and please be thankful.
