Thread: [Question about the discord ban](#)

redi - January 4, 2018, 10:54 am

I'm wondering if I can giveaway a link to a cryptocurrency related discord (pumping coins) in HF. It wouldn't be an ad, I'd post it in the giveaway section, and send in via PM to whoever wants it. Is this covered in the discord ban?

Pump & dump is not allowed on HF.

Well i mean pump and dumps aren't allowed on HF so I think that's a double no

You can not invite anyone to a Discord server on Hack Forums.

Never talked about dumping anything.

Okay....pumping of coins is still disallowed here. Anything revolving discord is also not allowed

Sorry to reopen but why was discord banned in the first place? I remember everyone saying it was like the better version of skype.

/didnt want to create a new thread for this

Omniscient felt it was stealing activity from the site.
