Hello HF ?

I am hiring a few individuals to promote an online business. We build Crypto-Currency miners, GPU miners specifically. Part of our methods of getting sales is giving value to the community. We are looking for people who are capable and willing to sit down for up to 40 hours a week posting about the topic, answering questions, referring customers - ECT.

Here are some details and requirements - I would rather talk to you guys individually if you are interested:

Pay: \$10-\$15 per hour based on your experience/quality of posting.

Hours: We need a total of 40 hours per week of this work - so based on how much you want to work we can work something out.

Requirements:

All communication will go through slack once you are brought on the team

US Citizen with writing skills and Proper English

While working you will need to be able to hop on a voice call at times.

Knowledge of the CryptoCurrency Industry/Technology/Space

Please PM me with a brief description on why you think you are fit for the position. I will give you info on how we can discuss further.

Thanks guys - any questions - shoot me a PM
