Thread: [Windows RDP in 30 seconds \[Instant Setup\] | No VCC](#)

000 - January 9, 2018, 7:01 am

Upgraded now, inbox limit won't bother me anymore. So re-opened. I have personally checked this forum for the website mentioned in the PDF and found no track so I decided I will share it with you guys.

Previous thread: <https://hackforums.net/showthread.php?tid=5757951>

Post here and I will PM you ASAP.

Doesn't need any working credit card or any details to verify, I promise.

I had mentioned this in the previous thread, can't find the post right now. I talked with Eagle about 'post to PM' and he said it's okay. I am guessing it doesn't matter as long as you follow the rules of Giveaway section. Thank you for bringing it up though. Let me know if you want the method just in case.
