Thread: [Ycopp for Sale \(Adidas Bot\)](#)

Invitation - January 9, 2018, 7:18 pm

The last bot im selling for now, this bot is designed specifically for Adidas.

Selling my copy since I have multiple Adidas bots so I'm narrowing it down to the ones I use the most

Product Link:

<https://ycopp.com/product/ycopp-ultimate-adidas-bot-1-year-license-for-new-customers-windows-only/>

Selling for \$325 PP gifted or \$275 BTC (Retail price ~\$440 USD)

Features:

- Supporting Adidas US, UK, CA, AU, DE, NL, FR, IT, ES, AT, BE, SE, DK, NO, PL, CZ, CO.NZ, RU, MX, PT
- full automatic or manual start of tasks
- UNLIMITED amount of tasks, automatic retry feature in case the item is out of stock
- [2Captcha](#) and [Anti-Captcha](#) API integration for automatic captcha solving
- browser captcha harvester for fast manual captcha solving
- yCopp mobile app allows you to solve captchas on your smartphone and use them in your bot
- send carts to the yCopp mobile app and check them out on your smartphone
- intelligent management of captcha-tokens (next expiring token will automatically be added to your task, expired tokens get automatically deleted)
- Splash Page Brute Forcer: Use multiple proxies to get through splash and extract sitekey and hmac cookie
- Autocheckout (Credit Card and PayPal)
- Sell and buy carts in our integrated cart trading facility
- Import & Export Carts
- Stock Checker
- Sitekey retrieval from the yCopp servers
- extract sitekey from any adidas product page and from wishlist
- automatic management of completed tasks: you have 10 minutes to open the tasks checkout window and send your payment
- supporting HTTP-Proxies: you can use a different proxy for every task you add, so the ban risk reduces to a minimum
- log in to adidas accounts to bind your carts to the accounts (manual and automatic)
- lots of other features like set custom cookies, custom user-agent, custom preload link
- Multithreading: the tool is written using multithreading technology to give you maximum performance
