Thread: [\[COMMUNITY ALERT\] Savagee DDOSing Members and Sites UID=3782121](#)

N0x- - January 9, 2018, 9:14 pm

THIS JUST HAPPENED

IF anyone can help me defend against this ddos attack by him p.m me just need help until i can upgrade my host and ddos protection tomorrow

He opened a scam report. <https://hackforums.net/showthread.php?tid=5782467>

Not sure where to post this so here goes.

Just figured id let everyone know that the user Savagee is DDosing sites and members.

He came to my site socialvip.party asking to test followers and i sent him 100 twitter followers.

He then asked me for 30\$ for free on the site and i said no.

Lets just throw this one in here first.
