Thread: [Multi scamming on several accounts- Savagee - UID 3782121 & UID 3210804 & UID 3158127](#)

Malicious` - January 12, 2018, 4:59 am

The user [Savagee \(UID 3782121\)](#) has been on a scamming spree during the last few weeks.

[Scammed by Savagee for \\$30 BTC UID = 3782121](#)

[\[Product\] Scammed by SAVAGEE | UID: 3782121](#)

[\[COMMUNITY ALERT\] Savagee DDOSing Members and Sites UID=3782121](#)

[\[CE\] Scammed by Savagee \\$200 UID = 3782121](#)

I decided to investigate his account so I contacted [N0x-](#) who made the community alert mentioned above. He handed over his email address used to login on his Social Media Panel and that way I found out he is a multi-accounter known for scamming on his other account too.

Code 73.43.36.xxx 47.30.18.xx

47.30.218.xxx

Savagee savagekiddo100@gmail.com

jb123 xjbutera+1@gmail.com

Thanks to [this thread](#) and more recently [this thread](#) I found out there's a trick that trick allows you to use the same e-mail over and over again for websites who don't allow you to have more accounts on the same e-mail address. You can use it for tons of other purposes of course.

Example:

john.doe+3@gmail.com

john.doe+efwfweger@gmail.com

john.doe+tjrjtje@gmail.com

All emails get sent to to the same inbox "john.doe@gmail.com".

In this case user Savagee used the email address "xjbutera+1@gmail.com", which corresponds with the email "xjbutera@gmail.com". A swift Google search gives us the following result: a scam report on a different HF user.

[\[Trade\] Scammed by user uid=3210804 \\$92](#)

[Profile of Pursue](#) UID 3210804

Savagee aka Pursue uses the Alias "Powerful" in the chat logs.

Quote:[9:04:54 AM] Jesse Gomez Ryan - OP Anarchy Ex Staff Member: mmk

[9:05:22 AM] Jesse Gomez Ryan - OP Anarchy Ex Staff Member: yell can you send me a PM of your skype name to me please?

[9:07:20 AM] Jesse Gomez Ryan - OP Anarchy Ex Staff Member: Is he there?

[9:07:56 AM] I Yell alot: Sent and I got the bitcoin

[9:08:00 AM] Jesse Gomez Ryan - OP Anarchy Ex Staff Member: ok

[9:08:16 AM] Powerful: My PayPal is xjbutera@gmail.com

When googling just his alias "xjbutera" I stumbled on a third account.

[Profile of IGSellers](#) UID 3158127

Thread where that alias is mentioned: [Minecraft Server Banners and Logos! \(CHEAP\)](#)

Also has open scam reports: [\[CE\] Scammed by Arm4L1t3 \(UID=1098690\)](#) and [IGSellers \(UID=3158127\)](#)

User [Meow](#) has pmed me his Paypal information. As you can see in the picture below (warning: large image) his last name is Butera. Again, very similar.

Spoiler [\(Click to View\)](#)

TL;DR Savage is a scamming multi.

Orlovicem - January 12, 2018, 6:41 am

If I understood correctly "multi" means he had multiple accounts opened on this site? If so very good that you exposed him. seems like meows post was a nail in the coffin for him.

Thanks to Meow I have some on-site evidence, yes. A multi is indeed someone who uses multiple accounts.

hckhrt - January 13, 2018, 3:29 am

Glad I didn't deal with him!

Yer. He straight up scammed everyone he dealt with last week.
