Please keep calm i'm just trying to help the community. Yeah, its all over the news but if someone doesnt know it, it can be useful. Be calm and respectful i'm not trying by any means to offend you.

Now tell me you will neutral me just because I send a completly free method to get some groceries ?

You make absolute non-sense.

Then post about it publicly? You're doing this just to get rep, which pisses me off. Otherwise you'd have posted it publicly.

Its not about the rep at all. I'm not asking for that where did you see that ?

So I was thinking guys and decide to post it right into my thread no one will need to PM or post

here. Will be more simple for me and you.
