Thread: [I made FaZe Jev Rage Quit](#)

oRequiem - January 15, 2018, 7:18 pm

This video is a bit old, but never posted it on here.

So for the people that don't know, I got paired up again FaZe Jev in MWR on Vacant. I had around 200 viewers at the time and they all told me to sweat as hard as I can.

Well I did, I got a video out of it that I can show you and he actually put me in the beginning of his video lol.

I thought that was funny because he had a rage reaction lol.

Here's my video (Enjoy):
