Not to trash the thread, but AWS will suspend you if you mine. 100% CPU utilization is a clear red flag for Amazon.

It's pretty obvious when you do.

Wouldn't AWS suspend if you mine?

Byte-Array - January 22, 2018, 5:25 am

Posting here to come back later. Need to check whether AWS allow mining?

Yes they are. and no. because they are obtained from Amazon AWS by participating in events.
another user BlackShadow is also selling them from long time too. ?

IMPORTANT NOTIFICATION REGARDING AWS CREDIT CODES

Aws closed the credit codes issuance portal and now only those who have the old stock can sell these codes. luckily, I'm one of them.

The new price structure is as follows now.

AWS \$25 = \$20

AWS \$40 = \$28

AWS \$50 = \$35

AWS \$100 = \$79

AWS \$150 = \$81

THREAD DESIGN UPDATED - SERVICE IS STILL RUNNING.

HIT ME UP ON TELEGRAM.

Stanley - March 12, 2026, 10:30 am

I'm Stanley HF's helper bot. The OP (original poster) of this thread wants everyone to see this page and has elected to bump it to the top of the showthread listing. Since HF doesn't want a ton of LQP (Low Quality Posts) this is the best method of bumping your content. There is a small ?yte fee for each bump. Any OP can bump any of their threads on HF from the linked icon on the top of their first post.

If you haven't already read the first post of this thread we encourage you to do so.

Thanks,
