FUDCrypt is a unique type of crypter that will crypt any java or vbs files.

The most interesting thing about this is that, FUDCrypt automatically binds Java Runtime Environment (JRE) download link with the crypted file and silently installs JRE on target computer if Java is not installed. This is a very good feature as not all computer have JRE preinstalled which is required to execute Java programs.

I DIDNT REPLY ALOT BECAUSE PEOPLE FAIL TO LEARN HOW TO CRYPT A FILE PROPERLY.

FIRST I ADDED A SIGNATURE COPIER AND CLONER,THIS MEANS THAT TO AVOID WIN DEF,YOU MUST CLONE A GOOD FILE,IF NOT YOU WILL KEEP GETTING BLOCKED.

I ADDED A FILE PUMP,USE IT.

NOW,AM WORKING ON KILLING THIS TWO BUT IT ALL LIES ON CLONING A GOOD FILE/SOFTWARE.

TO GET TWO,I USED "WISECARE365".

IF YOU USE POPULAR SOFTWARES IT WILL BE HIGH. I CODED MY CRYPTER IN A WAY THAT IF YOU CLONE A GOOD FILE,YOU WILL HAVE A SOLID RUNTIME.

I ONLY UPDATE SERVER TO KILL GENS. I WILL POST A SOFTWARE TO USE ONCE I FIND ONE HERE.

TODAYS SCAN ON EXE IS 0/ 0 SCNTIME AND 2/ ON RUNTIME.

AND PLEASE NOTE THAT I BAN PEOPLE WHO LIE AGAINST WHAT MY STUFF.

I BANNED ONE OFF THIS MORNING.

I WILL MAKE IT CLEAR AGAIN, EXE CRYPTING IS BASED ON WHAT SIGNATURE YOUR FILE CARRIES. ALL FILES GO INTO DEEP SCAN ON AV'S.

I WROTE THE SIGNATURE CLONER TO HELP KILL SMART SCREEN AND GENS.

NOW, PUMPING KILLS GENS! FILE CLONER KILLS RUNTIME DETECTION.

FROM APRIL I WILL BE UPDATING DAILY ON STUB INSTEAD OF 3 TIMES A WEEK.

IF YOU WANT GOOD RESULT, USE GOOD COMPRESSION. REMEMBER THAT VBS WORKS WHEN SPREAD USING WEBMAIL.

I WILL BE ACCEPTING TEAMVIEW TO SHOW THOSE WHO CANT USE IT.

This is not sales trashing because I talked with the owner on Skype, he told me he would make it fud on Wednesday (21st March); he didn't. He gave an excuse that jar and vbs were fud. On his thread he clearly says his crypter supports all files (vbs, jar & exe). He says his crypter is fully undetectable (which is wrong; change that man on your initial post). At \$65 this crypter isnt even fud; Ive tried every setting there's it cant even get near fud. Tried file cloner with MANY good softwares it didnt get past that. I also changed Icon severally, and pumped file, same results.

The owner didnt know I have also bought Spartan (\$30) which is better runtime; dark eye too..they are better.

I have been in this forum for a very long time (since 2014) and I wouldnt lie, I wouldnt trash any thread; but u went ahead and blocked me on Skype

because I was telling you the truth. Is that how u deal with clients? See the runtime results he just posted (see image results):

wtf man!

Most dishonest sellers here when they want to hide something, you will notice they'll start blaming you for bad icon/file signature. BUT, I made sure I used over 30 files to clone before I decided to post here; including the one he has just recommended (WISECARE365) so please dont use that as an excuse.

I'm eagerly waiting for more customers w/ reputation to post honest runtime/scan results here.

Of course new accounts will come here saying it's fud but it's NOT (dont buy reviews). Go ahead and ban me but the truth remains.

I dont recommend this crypter at its current state.

I will give our Skype conversation in case owner says otherwise

Crypter buyers have been afraid of telling the truth for far too long, am not. It is my right to get what I pay for. At \$65 I feel like I have been scammed tbh.

Earlier owner says: "- - Daily runtime execution checks on different antivirus systems released daily" how many days has he done so?

This is a new crypter here and obviously the seller cannot be trusted. Buyers be careful, otherwise you will end up losing \$65 for a shit crypter.

I REMEMBER BANNING YOU OFF MY SKYPE BECASUE YOU NAG ALOT!

FIRST YOU THREATEN TO WRITE SHIT HERE.. WELL CONTINUE.. I HAVE USERS WHO WILL SAY OTHERWISE.

SECOND I TOLD YOU TO CLONE A FILE,YOU KEEP CLONING POPULAR SOFTWARES AND KEEP NAGGING.

I WILL UPLOAD YOUR CHATS HERE SO PEOPLE SEE SO LIKE I TOLD YOU ON SKYPE,FUCK OFFFFFFFFFFFFFFFFFF!!!!!!!!!!!!!!!!!!!!!!

MY CRYPTER IS GOOD SO FAR,IF YOU CLONE A GOOD FILE,YOU WILL HAVE A PERFECT RUNTIME..MOREOVER MY SCANTIME IS 0/...

DEPENDING ON WHAT YOU CRYPT,YOUR FILE WILL BE FUD OR NOT.

THIS IS NOT MY FIRST CRYPTER MATE,I CODED THE FIRST JBI JAVA CRYPTER SO YES AGAIN,YOU CAN FUCK OFF!!!!!!!!!!!!!!!!!!!!!!

WHO WANTS TO BUY WILL BUY.....WHO DOESNT WAT CAN KEEP THEIR MONEY... WATCH OTHERS MAKE MONEY.... YOU ARE LUCKY I CANT REMEMBER YOUR USER NAME,WOULD HAVE DELETED YOUR ACCOUNT OFF THE SERVER..

MY STUFF IS NOT FOR SHIT PEOPLE LIKE YOU

simmshade - March 22, 2018, 2:45 pm

MY CRYPTER CRYPTS JAVA,EXE AND VBS RATS..... IF ONE DOESN'T WORK FOR YOU,USE THE OTHER... ALSO MY CRYPTER INSTALLS JAVA ON REMOTE PC IF THERE IS NO JAVA AND THIS WORKS ONLY ON JAR TO VBS OR EXE.

A GEN IS NOT A VIRUS,DONT GET GENS AND BOTHER ME,,,SIMPLY PUMP THE FILE AND THEY DIE.. THEY ARE FAKE DETECTION'S...

(Mar 22, 2018 02:41 PM)StanleyK Wrote: [\[CITE\]](#) Stop writing in CAPS to empasize on your not so good crypter. Give us results; I used the Software u recommended "WISECARE365" it didnt work; Ive cloned a ton of them; more than 30already... bring the chat on. I'll be posting the videos of me crypting as well.

Can you post your latest runtime results for EXE FILES buddy? Since tuesday you havent been able to get near fud!

I will be honest here; A crypter going for \$65 cant be that hard to use; should be fud most of the time. I have been using most crypters here and yours is the worst at that price.

Buyers can see clearly you're hiding something from us.... Go ahead and post the latest runtime results FOR EXE FILES and VIDEOS.

Im expecting at least 10 reviews of buyers who have bought your crypter. You wont scam again i tell you. Go ahead and ban me; Ive risked a lot posting here to make sure nobody gets scammed by you again.

MATE!!! WAKE UP!!!!!!!!!!!! A JAVA CRYPTER COST \$75 AT LEAST.....I WORK WITH QRYPTER AND ATIMES MAKE THEIR STUB.. IS VALUED AT \$75... JAVA ALONE..

MINE I ADDED VBS,JAR AND EXE.

YOU KNOW WHAT,I WILL REMOVE EXE AND MAKE IT ONLY JAVA. IF YOU CANT PAY \$65,FUCK OFF.
