Thread: [Open/Close thread option is missing??](#)

?Stark - January 20, 2018, 11:36 pm

Hi
today when i want to close one of my thread i cant find Close thread option
Is that not available for ub3r?
Also i looked my old closed thread, there is no option for open thread again...

Ice. - January 20, 2018, 11:41 pm

This feature was removed when HF updated to 1.8(or around that time) and may or may not return in the future.

Vyxn - January 20, 2018, 11:42 pm

From what I read on the other thread. Close option for thread was removed due to abuse. Maybe Omni will remove the edit option if deleting the content still continue. :(

1.8.x should have more abilities to moderate those changes to threads or limit them I believe, but I can't say how well that may work with a large forum.

?Stark - January 20, 2018, 11:51 pm

ohh thats sad
I hope that option will available soon...

Yes, I don't know maybe the abuse issue was the hindrance of the implementation of the features.

We hope too. :(

Bluffer - January 20, 2018, 11:59 pm

#FakeNews is widespread on HF! The open close button is supposed to be coming back any time now. Last I saw its on Omni's to do list since the upgrade.

This question has come up many times.
The answer to your question is in the sticky here.

[HF Features Broken](#)

7. Fix the Open/Close plugin.

[HF Features Broken](#)

7. Fix the Open/Close plugin. Roger that
Now im happy :)

Elitas - January 21, 2018, 6:27 am

The Junk feature was removed due to abuse. The open/close feature ****SHOULD**** be returning soon as it is on Omniscient's to-do list (linked above).
Hope that clears up the confusion.
