Is this about becoming a Twitch streamer and Youtuber?

The Slotfather - January 22, 2018, 6:36 am

(Jan 22, 2018 07:27 AM)? Mr. Burnham ? Wrote: [\[CITE\]](#) Is this about becoming a Twitch streamer and Youtuber?

Nope, this would be complicated for most of the people although it's a good way for earning money but you would need good setup for it

The Slotfather - January 23, 2018, 6:48 am

Let me know if you are interested in trying this out. Ready to accept new customers

Mommy???????????? - January 23, 2018, 6:53 am

I received a vouch copy of what the user is selling. Which is hard to receive unless I actually wanted him to set up a shop for me. Which is something I dont personally need at this time. The user has taken time out of his day to write up the process for me though! I have to say that there is potential to earn an amount of money from this method the user is teaching. He also teaches different ways to earn money from your favorite games that maybe not everyone would think about. I would say the most bang for your buck on the deal is the mentorship, support, and setup from the user after purchase. Thank you for reading.

Goodluck with the sales cryptoterian.

I'm interested with this, to which I play - Runescape, Destiny, World of Warcraft, League of Legends and other PC games too.

Hit me up if I could put this method into use, quite desperate to find something focused around my enjoyments and a way to stop the office routine
