Thread: [DEAL | 12-Month Xbox Gold Codes | Stock\(0\)](#)

GhostLikesToast - January 23, 2018, 7:47 pm

I plan to start selling 12-month codes again now that I found a new reliable plug for them.

Prices:

1=\$40

2=\$35 each(\$70)

3=\$30 each(\$90)

4+ = Contact me via PM

Currently only able to accept BTC/LTC/ETH and PayPal.

I don't go first to anyone so don't bother asking. I have many vouches from doing currency exchanges that you can find in my reputation.

I guarantee to everyone that none of these codes are obtained illegally, so no need to worry about them ever becoming invalid or anything happening to accounts that redeem them.

Will be using TeamViewer with each buyer so we can checc the codes together at the same time. This is to avoid any confusion in the case that a code I have in stock is actually invalid. In which case I would either refund or get a new code for the buyer. Shout-out to the user [Woods](#) for giving me this idea!

Post below or PM me if you're interested in getting some Xbox Gold for cheap! This is the cheapest price you'll ever find on HF. Act now before my stock runs out!

Thanks for the vouch man! Yes I will be using TeamViewer from now on to checc all codes incase 1 is invalid, in which case I will either provide another code or not require the payment originally agreed upon.

Thanks for being professional sir!
