How long have you been playing Runescape?: 11 years now I think.

What are you stats?: I'd rather not post my stats on here right now.

Do you play OSRS or RS3?: RS3 Edit: Both.

How much time do you spend on average (daily) playing?: I used to spend a lot of time playing daily but I quit a while back and recently been considering starting this game again. Edit: I just picked up OSRS and I'm going to grind my account so I'm assuming I'll be spending atleast 5 hours a day on Runescape.

Are you willing to participate in Game nights?: If I start playing again, yes. Edit: Yes

Why should you be chosen over the other applications?: I believe I have a lot of Runescape knowledge and can help everyone else on RS3 with what I know.

What can you bring to Skill? I can bring DoTa 2 and Runescape knowledge to this group as I have been playing these two games for well over 5 years. I've also played several Asian based games over the years and can always start a new one if anyone in the group wants to which helps said members learn more and faster about the game.

Why do you want to join Skill? I think it would be nice to be a part of a gaming community on HackForums and it would give m a chance to meet new people and share my gaming experiences and knowledge with them.

I realize this isn't the best application considering I'm inactive on Runescape right now but might as well try ?

Edit: Hopefully you haven't looked at applications yet since I edited mine. I decided to pick up OSRS and grind out my account.

How long have you been playing Runescape?:Started end of 2008 - So almost 10 years

What are you stats?: On 07 my stats arn't the best...I bank stand a lot. On rs3 got a few 99s, but again, I also bank stand 99% of the time making money in the GE.

How much time do you spend on average (daily) playing?: I don't play super often...But ~3 hours when ever I do get on.

Are you willing to participate in Game nights?: Hell yeah i'd be down. I bank stand most of the time and goof around with my w330 mates.

Why should you be chosen over the other applications?: I'm good at helping set up events or think of events if things are slowing down...I can fuck around and make something fun out of any random things in game.

What can you bring to Skill? I am good at making money. (1b+/month) Would be willing to teach people how to make money or flip in the GE.

Why do you want to join Skill? I've never really been apart of a group. It gives me the sense of beloging and being part of something bigger. Also the discord confound runs is kinda dead sometimes so this would be pretty cool having people to talk too. :)

Do you play OSRS or RS3?: OSRS

Why should you be chosen over the other applications?: I've been playing rs for a long time. I have a lot of PvM experience on my main account to help and participate with other members. I also have a lot of game knowledge because of my ironman. I think I would make a great addition to the group.

What can you bring to Skill? Well, basically what I've said above. Just a lot of experience and in

game knowledge. I love teaching people how to raid, and finding more people to raid with.

Why do you want to join Skill? There's never too many people to play Runescape with.

Nobody here qualifies so far for this.

Me and Paniko are looking for better candidates.

Half of yall don't even go on the RS section.

Once I'm here for a month, will I meet the qualifications? I feel like I've spent the majority of my time here in the Runescape section, and have actually been running a giveaway in there for about a day now. Just curious on what will better my odds of joining. This seems like a nice group to be a part of.

Whether I qualify or not is strictly up to you but I've recently been active on the RS section and I have a thread going on about my newly made OSRS account and another very old thread on RS3. You can find the links below.

Hopefully I'll end up joining sometime in the future when you find that I qualify.

Thank you ?
