I might contact you in the near future.

I have 1 question though. How will you make sure members of Appraisers don't leak ebooks or products on other forums or to other Group members?

Reviewal by multiple group members might be required, depending on the product. If it gets leaked outside, then keep in mind that all of our members are ID'd.

We plan to be a lot more active in this section for members who need advice about products they want to bring into the Marketplace.

If it's an ebook just put a watermark that clearly says who it's given to.

I'd like to bring this back up to allow users to see the opportunities that our group has to offer in assisting in writing reviews for their products and services!

Would NOT recommend.

Been waiting almost 2 weeks for a appraisal. Sent all info required to Divined. A few days later I received a message from Fortunate asking if I still needed an appraisal to which I answered "yes".

Initial PM was sent/replied to on March 5th. It is now March 16th.

Thanks for nothing.

If you would like to speed up the process, I may assist you. I apologize for the unfortunate experience but I'd gladly take over for Fortunate.

Just let me know what it is you wish to get appraised/reviewed.
