So what do u mean by "Take Profit". Usually that fraise would mean to "Sell your holdings". However your title also suggests to buy as big announcements are coming. Which one Is it man XD

Ya the title makes one understand it as its time to sell lol but he means news are ahead. Tomorrow January 25th their roadmap will be released and this could make xlm spike

Pretty sure he meant take your profit when it pumps from the news and buy back in when it starts collapsing a little.
