Thread: [\[Limited Offer\] Smoke Loader + Modules \[Best Loader\] \[3 IN STOCK\]](#)

Richest. - January 26, 2018, 3:04 pm

Hello guys,

I am a long time user of Smoke Loader which is since 2015 an freaking good loader for me.

I have alot of Licenses, but only use 2 of them. So i am willing to sell 2 of them for a cheap price of 450\$

My smoke loader got a few modules:

- Stealer
- FormGrabber
- KeyLogger
- File Search
- & Pass Sniffer.

Original Prices:

Cost:

- BOT - \$ 300
- STEALER - \$ 100
- FORM GRABBER - \$ 200
- PASS SNIFFER - \$ 100
- KEYLOGGER- \$ 100
- FILE SEARCH - \$ 50

Would be a total of: 850\$

I sell for 450\$!

200\$ for Smokeloader without modules!

+ pay the costs to make a new bin for your panel.

Big vouch from my man.

He will answer you instantly if you have any issues / questions and will always try his best to solve them.

Do not hesitate to buy from him, also this is a huge discount compared to normal prices, so if you need this loader, just take it!

As everyone knows, Smoke is one of the best loaders available,so why not get it even cheaper?

GL WS Sir!

Just send me a PM ?

If you wish i can do a FULL setup of your bot and take care of everything.

Ill get you a host/vps, domain, setup, botnet & take care of adding nameservers, security and ddos

protection and so on.

Just pay for the license of the bot + 50\$ for a BP host and a .ru domain. Ill take care of all.

If you wish holding more then 2/4k bots i suggest you a VPS.

The price should be License of the bot + 70\$ for BP VPS & .ru domain.

Yes, you get the access to the host and you the only one using it. You can renew yourself and do whatever you want ?

I waited about a day and I go to buy and then he tells me that he doesn't have any modules to go with it and he only has the bot. I asked him to hold a license but he sold it. I then told him I couldn't use a bot with out modules he proceeds to become rude

~ not sales trashing just a DWC as he told me he was sold out

And honestly I'm not mad. User should've just told me that he cant hold licences and I would've bought that day
Men i understand your feeling but please have patient with him... The OP is honest and cool guy who always tells the truth.
