Thread: [New Automated Replacement NFA Shop with 15+ types of accounts](#)

Tslam - January 26, 2018, 4:24 pm

Edit:

Hey guys!

I'm one of the owners of a new Automated Replacement NFA service! We'll be offer a large range of account types including the following (more to come soon).

We are looking for a bunch of beta testers to ensure everything on the site is working correct before we launch. You will be provided with an account and be able to test the site/account to ensure everything works correctly.

If you wish to beta test, please post on the thread so I can keep track. It's not open yet and your PM will get lost.

Netflix (choose between UHD/HD)

Spotify (choose between Premium/Family)

Tidal (choose between Hifi/Lossless)

Crunchyroll

HBO Now

Hulu (choose between plans)

Deezer

DIRECTV NOW (choose between plans)

UFC

We also have a bunch more types in the pipeline that will be added before launch.

We are also looking for a Uber partner on HF (since we cannot post in the NFA section). You will likely be in charge of supporting clients on the thread and answering tickets.

If this interests you, please PM me.

Thanks HF!

There are two, one of them is netflix only and the other one is seeming down most of the time. We aim to provide a HQ service for a ton of types :)

Looks cool I would be interested lmk if I can do it

deadthings - January 29, 2018, 10:03 am

I already use the competing services for auto replace accounts, so would be more than happy to help with the beta test. I'll test Spotify/ Family if available.

Good luck with it.
