Thread: [Bypassing Windows Smartscreen w/ Social Engineering](#)

juulstar - January 28, 2018, 5:15 pm

I found a special way that may or may not still work to bypass Windows Smartscreen.
It has to do with social-engineering.
I was gonna sell this for a few dollars, but I'm not sure if it still works. ?
It worked for me when I used it.
Please PM me for the method, I really don't want leachers getting hold of this.

Requirements: +100 rep. (Non-upgraded)
+70 rep (upgraded)
Thanks!

I am not offering this to un-upgraded members under 100 rep due to extreme leaching in the community. Sorry ?
