(Feb 11, 2018 05:27 AM)L•S•D Wrote: [\[CITE\]](#) worth 40\$ just sold it sorry hun. Clearly know nothing

about the market then. If someone paid \$40 for it, you got lucky. But it's simply not worth that. You don't pay full price on steam games.

Those games are worth about \$15, as that's the lowest they've sold for new. Because it's on a separate account and not a gift code/copy, it's worth slightly less.
