Thread: [Rat Spreading by email??? I pay u for helping](#)

pinkhat - January 29, 2018, 12:46 pm

Hello,

Im looking for a mass mailer tool that can send emails with fud rats fast .. any tips?

SIM-3432714 - January 29, 2018, 12:53 pm

You should look at this section

[Premium Tools and Programs](#)

EVI?? - January 29, 2018, 12:54 pm

Pm or contact me at Skype with

Scoutsniper1234

pinkhat - January 29, 2018, 12:56 pm

jesus im from another forum (nulled) 4 years i was member but the people there are so cocky man but here i feel so welcome ty :)

Find atomic mail sender version 8, you can find the full version pretty easily, and you will need a mail list and good smtp servers.

Microsoft Word Macros. Easy to make if you use google. Otherwise I hope you don't mind spending a couple hundred dollars from someone who thinks they're exploits...

JBerner - January 29, 2018, 1:14 pm

Shoot me a PM with your contact discord man

pinkhat - January 29, 2018, 1:18 pm

ty potkan, the doc exploit im already using but isnt there some kind of P-N-G/J-P-G spoof binder (with rat) fud?
