I might be able to help you. I ship from California and I have done it quite a few times. PM me.

SIM-3810888 - February 1, 2018, 10:46 pm

Depending on the average pricing of these, I may be interested. Just gonna leave this post here.

SIM-648359 - February 1, 2018, 11:30 pm

PM me info, depending on your location I may be able to help

KingGoose - February 1, 2018, 11:44 pm

I work in California for a extract company, I can source you completely legal product with regulation stickers. Very high markup for customers!

Lambert - February 2, 2018, 4:43 am

If in UK, let me know. I can provide you 200/400/800/1000MG cartridges with 99.8% pure CBD. Can also provide you with Lab results so you know what you're buying.
