29,99\$ Road To Pro E-Whore Guide [BEGINNER] [SNAPCHAT]

This guide is purely made for people that are looking to start with E-Whoring it's focused on Snapchat E-whoring.

It goes in depth about things like creating a perfect Snapchat account, gaining traffic, how to approach your customer and how to deal with these time wasters that give you an immense headache. This guide in a nutshell gives you a clear understanding about all the methods and things you got to do to deceive men and make money out of them. I've had 3 years of experience with E-Whoring and make 300/400+ a day. Improving comes simultaneously with the amount time you spend on E-Whoring, so don't look any further and make sure to follow this guide wisely and carefully. You'll become a pro in no time and of course don't forget to enjoy the ride because it will be enjoyable !

Received a vouch copy from OP and here's my honest review. Before my review begins I have to say that I'm not affiliated in any way with OP. I asked gently for a vouch copy here and he sent it.

Structure: (9/10)

This man really knows how to make a good ebook. When it comes to structure and detail, this books kills it. He talks about everything from start to finish, but in a way that it's easy to follow and also easy to understand.

Design: (3/10)

That's the part you have to change in your book, yellow (ugly) font (just sometimes) on a white background is no good man :D! Hit me up if you're willing to let ME change the design (have a look at my guide, the salesthead and ebook have the same design:

<https://hackforums.net/showthread.php?tid=5681944>)

The Method: (10/10)

Fairly unsaturated traffic sources. Pretty easy methods to recognize if someone is a time waister, nice approach talking to customers! Overall awesome!

Conclusion: (9/10)

OP delivers a good package for a decent price. You'll easily get over 100\$ per day with this method, if not more! Vouch for this man and his products! Love the Guide!

Originality

????

It seems quite up to date method from what I've seen in the past even tough some things that I saw in there were obvious to me.

For a beginner this would be very good way to get started and get on the same page as present e-whoring community.

Grammar

???

Grammar is readable and not too many typos that I saw.

From what I can see, english does not seem to be authors first language.
Regardless you'll understand what he means.

Layout
??

Here's where I had the most issue in the e-book.
There are some bright texts that make it really annoying to read it and hurts my eyes.
Some of the words are cut in half cuz of picture placement.
Author assured me that these issues are going to be fixed in the up coming sales.

Ease Of Use
????

The instructions for use is pretty straight forward and easy to use to my eyes.
Everything is explained in great detail and step by step so you'll surely be able to follow.
I think this should be easy enough.

Overall
????

Overall I think this deserves 4/5 because in the end the amount of information provided in this single e-book is significant.
For someone who has never e-whored this would be a game changer and even for those with some experience this could bring new point of views.
In my opinion the asking price is about right compared to the amount of information.
But again this is just my opinion, decide for your selves. ?

Thanks for giving me the opportunity to review this ebook and good luck with sales. ?

1. This guide suits a beginner who just decided to start eWhoring (you will study some basics, how to grow you SC and gaining basic traffic).
2. There is a clarity on how to distinguish Time Wasters which is nice because when I started eWhoring 3 months ago, I lost a lot of time on them (with this guide I learned even a new point for myself).
3. It's written understandable English and totalling of 18 pages PDF.

This seems like a great method and very unique way to deceive your customers into paying you more,
will definitely try this out and update this in the future.

I have no information about his mentoring, but just would like to inform, that the pack is saturated. I know that almost every one has her, what I know people from eWhoring discord I have. I do not know If OP knew this or did not, just informing.

That is Carlie, if you will keep bullshitting, thats your problem. I was not against you selling saturated pack as unsaturated, but if you try to bullshit me, thats too far

Beides, did you even google her? You can obviously see she is Carlie.. <http://prntscr.com/idtjtp>
