Superbowl 52 score: 41 to 33

2018 minus 41 equals 1977

Tom Brady #12 Birthday: 11/3/1977 (age 40)

52 minus 12 equals 40

2018 minus 33 equals 1985

I googled 1985 and the following was the first search result:

Bowling for Soup - 1985

then the following song played automatically after:

Sum 41 - In Too Deep

this song, which is 3 minutes 33 seconds long, was released in

September 2001 as the second single from the album All Killer No Filler,

it currently has 111 million views on YouTube

Yeah I just noticed the similarities and felt like sharing because I feel it is a bit of a strange coincidence.

I mean, Bowling for Soup, Super Bowl, 9/11!!! It's all too perfect.

OP is on the right track...

Bowling For Soup played 1985 at Ozzfest's 10th Anniversary

Ozzy Osbourne's initials are OO

Tom Brady's last name starts with a B

What is B O O? Boo!

BOO! is what ghosts say

Patrick Swayze starred in Ghost in 1990

$1990 - 1985 = 5$

five sides are on a pentagon

pentagon is a shape

a triangle is also a shape...

Superbowl 52 is Illuminati Confirmed.
