I literally like didn't know shit about IPv6 but now I do. After getting it, I was only worried about the if IPv6 can also leak and it does. :(

What a *****.

Well, You can also get to know [How to Get Protection from IPv6 Leak?](#)

How much did you get paid to post this? Other than saying it leaks IP's there is nothing else than buy this VPN solution.

First IPv6:

They can leak your real IPv4 as well as IPv6 address.

Next onto privacy from a company in China, who is well known for their freedom and non-monitoring of citizens
