Thread: [Scammed by Game Freak uid=1994813 PMing all of my customers and breaking our deal!](#)

Ben Shapiro - February 8, 2018, 3:49 pm

User: <https://hackforums.net/member.php?action=profile&uid=1994813>

We made a deal that I would basically buy him out of our so-called '50/50' split that he broke and that he would never sell the shell method again:

<https://imgur.com/a/UFgmR>
<https://gyazo.com/d6a2c621fe9c80d56ff24510ed2ea541>

At which point I sent him the \$40 (no one is disputing that and i can prove if needs be

Thought that was it, until i received this PM

<https://imgur.com/a/YKPFu>

So NOT ONLY is he breaking our deal but he is CLEARLY breaking site TOS by PMing customers who go in my thread

Here are the PM's he sent:

<https://imgur.com/a/whu7p>
<https://imgur.com/a/YOdEE>

When confronted, like most of these high profile HF scumbags he said hes going to take a 'vacation ban'

<https://gyazo.com/2e8476fbcab7914f2d0ae22702cd9707>

As a bonus here is him trolling my thread but somehow he got it to just say "reading thread" instead of mine specifically so he wouldn't be caught in the act:

<https://gyazo.com/d49e4a6f5e6d3536cd7b0786358070a0> (can't be proven but I'm 99% certain)

I hope staff see this, not to arbitrate but a user CLEARLY ADMITTED GAME FREAK WAS TROLLING MY THREAD AND PMing EVERYONE IN MY THREAD WHICH IS AGAINST SITE TOS!

***Disinterested please don't post more shit about gas drama

His argument will be in here any second now, and it will be that he never agreed to it. But its clear in this PM he did <https://imgur.com/a/53SHu>

Yes, even if he's breaking any agreement or anything else.

Technically there was a major flaw in your agreement as offsite agreement differs from onsite one. Anyways you guys can either work together and earn some money or fuck with each other by leaking methods or getting them patched.

Thanks monster.

I have given him a way to resolve this on a matter of principle. Just so it's public so it's not used against me, I've asked for the \$40 back that I paid him to have exclusive rights to sell the method. Not because \$40 is a lot of money but it's the principle of the matter. His first reply stated he didn't have \$40 (lol) but I sent him another message but he is yet to respond as he says he is at work.

I've been advised of my rights in private(as in staff being involved), so one way or another I will pursue this matter. I surely hope game freak takes my initial out. (No this isn't a threat and shouldn't be taken as one).

BAHAHAHHA I've been imitating you this whole time with the new line shit bro are you not self aware?

Ooooh someone got "aftermarket headlights" for your Honda Civic. I'm in college too fuck boy.

Id love to have a dick measuring contest with you. I don't claim to have nice \$300 aftermarket headlights LMFAO but I do I have a nice 2017 mustang v6. The nicest car I could afford to pay for and cover the insurance on , I don't live off my parents teet like I assume you do.

Do you even have a job bro? What are you majoring in, going first in deals? I wanna see a picture of your Honda Civic with a racing stripe on it next to a piece of paper that says game freak.

Wow 10/10 imitation. You really captured my essence with that one ? Nice try I guess ? Better luck next time ?

I'm sorry all you know is Honda civics, maybe get adopted
2017 mustang LMAO broke ass, slow af kid

I have three jobs, majoring in business.
I've posted many times of my Infiniti

Someone is a little mad :)
Gotcha

Now cya never again!

Infinity owners are just poor Lexus wannabe owners. Can't even say the model because you know it's A POS.

3 jobs LOL what McDonald's, Taco Bell and Burger King lmao.

I'm an EMT while I'm majoring in biology, medical school next year. I know a lot of business majors, it's the same as a degree in liberal arts basically worthless and 8 out of ten times it's for people who are too dumb to do anything else.

Don't lie you know you will respond, you can't stand being shown up

Mustangs owners think they have a cool car, mustang owners don't have a brain.
G35, I don't need to say model. You have to say v6 why? LOL thats embarrassing v6 mustang
LMAO

3 jobs; one internship, two retail

I respond because this is fun, this is what I live for, making fun of kids like you.
"Now cya never again"

Baited you. Hahaha loser you are just too easy. Two retail "yeah I'm a cashier at belk and a greeter at Walmart". I've done more internships then you can even count. How far a long are you, working two minimum wage jobs still? Don't worry about getting your degree you'll still be working those same jobs even after you graduate.

FawkCidy - February 10, 2018, 7:12 pm

This is honestly the best thread I've seen all week!

Same. I thought game freak would be smart and ignore it, but now everyone is reading how retarded he is. I love it, even if I have to stoop to his level idgaf

(Feb 10, 2018 08:13 PM)Game Freak Wrote: [\[CITE\]](#) Well make \$20 at my internship, \$25 hopefully soon.

I work retail, yes its minimum, I only work once a week there, I also get 40% off anything I want so?
LOL

Also the retail jobs aren't Walgreen, think more hype buddy :)

How will I be working these same jobs?

I already have my foot in the door at my internship.

I have so many big people connections, I'm guaranteed a future.

Must suck being an EMT, got any friends?

Pretty fun, making a fool out of Ben is pretty easy.

Sorry I forgot you probably don't know what EMT stands for, it's Emergency Medical Technician.

What's more hype than "walgreen", cvs? Foot in the door as what, a cashier hahahaha

\$25 an hour? That's going to be your raise O.o that's funny, that's how much I made day 1 on the job lul.

"I have so many big people connections, I'm guranteed a future." You crack me up man you really do.

Why you gonna be an EMT?

You probably not gonna make it there anyways.

You're honestly a failure.

Pretty fun, making a fool out of Ben is pretty easy.

Question for you. Is there any problem with wanting to help people?

You've become incoherent lmao

I don't "Make \$25 first day" I make over \$25 an hour as a starting position as an EMT because it actually requires an education and specialization unlike a cvs cashier.

Let word intern, I didn't even start yet.
My real job starts at 6 figures buddy.

Why do u think I work at cvs when I said clothes store.
You would only dream of working there, prob too ugly though. Freak.
You don't think business jobs need education? You're so funny.
Aren't you still in high school LOL
you are both two years old to be making insults like this lol
he said he's majoring in whatever field he is, obviously college/uni
who cares if you're gonna make 6figs? how much you spend on college? lol

I already have north of \$90k in student loans and that's with me paying them down each month lol
one day it will have all been worth it though.

He's obviously bullshitting and can't read. I said multiple times I'm already an EMT lmao. There's a 1% chance your starting job out of college is going to be six figures. Even when I'm a physician it's going to be a couple years before reaching that six figures lmao. He's not even trying to hide the fact he's lying at this point. I just love it, I really do.

Don't comment on the deal dispute
And yes this is about growing up
That's all it is.
Yeah all you wanted was \$40 is because you are broke boy

Also you said you would give 50% of your sales too clearly in the deal but that is completely resolved because I gave you \$40 because I'm not some broke cashier like you.

Don't tell people what they can or can't comment on this thread just because everyone's calling you out for a dipshit. You keep responding to people because your ego is the size of your asshole after I intellectually raped you in this thread loser.

And bro
Why do you make every sentence a new line
I'm beginning to actually think that you are clinically retarded
It's weird as hell

Stick to your day job at CVS because you really are shit at arguing on the interwebz kiddo

You literally are twisted the story, every time.

Quit complaint why I make new sentences, you don't require any intellect to respond to.

Why do you keep arguing you said you are an EMT making bank \$90k student loans with a shitty car

Why are you on HF 24/7 liar LOL

You are a fucking loser irl lol

Quit being a big ass baby.

I felt sorry for you, only charged you \$40 because that was all you could afford

You were a scared little boy, and now you back stab me like this
