Community Award Nominations

This is to nominate users of Hack Forums that should get an award for their contributions.

Omniscient will most likely not grant any awards. This is to allow the users to be publicly thanked or shamed for there contributions on the site.

Please provide reasoning for the nomination, links for the reasons, profile link, and the user's name.

Rules:

1. Do not nominate yourself.
2. Do not ask for nominations.
3. Do not nominate for discontinued awards.
(Youtube, Support Feather, Instagrammy)
4. Do not nominate for any special awards.
(Heart of a Lion, Fox, Qwazz Star, Green/Purple/Golden Clover)
5. Do not nominate for any donation awards.
6. Do not expect awards to be granted.
7. Use the formatting provided.

Well shit. I am useless on the forums.

Anyone want to nominate?

No. Do not make any threads to nominate or suggest the granting of an award. If an official thread already exists you can post in it but that's it. Do not make a new thread for that purpose.

We recommend you take the time to read the [HF Help Documents](#) section. The answer to your questions should be contained in there.
