Thread: [Around 60 people agreed to stab Julius Caesar](#)

At the end of it, Caesar's body only had 23 stabs wound. Even back then, not all the members for a group project would do their part.

Yeah that's what the general opinion of him is

I would think that after 23, the body would've been both dead and bloody. Maybe a lot of them chickened out. They weren't the evil people, Ceaser was. The good of them decided not to go through with it, once the overall goal of the crowd was realized.

That would be crazy to stab someone who was such a huge figure from the past.

It's not like you're about to go ahead and time travel to do it yourself. It would like stabbing Donald Trump, or Hillary Clinton; many* people would do this without second thought*- should there be no rules dictating they can't.

This is what happens when a man believes himself to be a god.

So you're saying this should happen to Kanye West and Jay-Z?

Not that it should but it very well could if they trust the wrong people.

Vitani's Mate - February 10, 2018, 11:05 pm

Yeah it is crazy. I have been to the spot where they stabbed and killed Caesar in Rome.

hastybuns - February 10, 2018, 11:19 pm
