Thread: [Macro Doc exploit](#)

Basstracer - February 11, 2018, 1:26 am

Hi, I wanted to know if anyone can provide any insight or point me in the right direction of learning how to create a macro doc exploit. This would be highly appreciated, have been looking for this everywhere...

Sending you a P.M. it's actually very easy to make a FUD one. Just a little tricky to make one that'll survive antivirus long term.
