Thread: [Admin Plan](#)

Omniscient - February 12, 2018, 11:28 am

After considering my options and the feedback of the community I have decided to add Admins to HF again. This is a 100% turn-around to my past decision to never make anyone an HF admin again. I see that we have the need and I believe the community understands this.

[Factor8](#) will be returning. He was the best Admin HF ever had and he's going to be in full charge of account recovery. He will have ACP access but not FTP.

[Phixel](#) will be our designer and have ACP access as well. He's been working very hard on the Knotbb mobile theme and we will have better progress if he has ACP access to our template system. He will not have FTP.

[Xerotic](#) will be our 3rd admin, assisting me with plugins and coding. He's proven to me he can code some good MyBB plugins over the years and has helped me greatly at MyBBCentral. I'm confident he can help me finish off some important work I've started and help us fix the bugs that exist.

I hope you all support this decision. It's the best path for us to get things done and move HF forward. I can no longer function as the only admin of this site. I have limitations with my time, energy, and even my knowledge. It's best that I get help and I'm comfortable and confident that these 3 will get things done.

I look forward to your feedback but I want everyone to welcome the new Admin Team.

EDIT: It may be a few days before they are all admin since I have to setup and test their account permissions. They will each have their userbars soon enough.

Elitas - February 12, 2018, 11:29 am

This is great news. Congratulations to all them, and look forward to seeing the changes they can make!

Xerotic and Factor8, great picks. No clue who Phixel is so can't judge. Hope Phixel does an outstanding job.

FiftyTwo - February 12, 2018, 12:05 pm

It's great to see new admins; and also great to see F8 make a return.

Hopefully, progress will be made quicker and it'll make it slightly easier for yourself as you won't be

doing everything on your own.

@Xerotic @Factor8 @Phixel Congratulations to the 3 of you. Make Bossman proud!

FatStacks - February 12, 2018, 12:20 pm

Pretty cool news! I'm sure running this site takes so much time/energy why not have more admins?? Hope this will speed progress in getting all the HF functions to work again. Also excited for HF mobile

snappari2 - February 12, 2018, 12:27 pm

I honestly love this idea due to less work for you and more thinking = better forums, so congratulations to the three people that got admin!

Malicious` - February 12, 2018, 12:35 pm

I definitely look forward to Phixel as an Administrator. He's already put a lot of work on KnotBB.

Alex - February 12, 2018, 12:39 pm

Congratulations Xerotic & Phixel!

Very happy to see Factor8 returning as an admin. I really hope this will take weight off your shoulders.

flavoral - February 12, 2018, 12:42 pm

Looking forward to the future of the forum.

Vitani - February 12, 2018, 1:00 pm

YES! This is exactly what we need to turn HF around! I am as confident as ever that with the help of these three users HF will improve a ton over the coming months, which will definitely attract more new users.

I'm glad to see you're bringing Factor8 back. It seems like you had to spend a lot of time on account recovery, which he can now take care of like old times.

@Xerotic, you definitely know your stuff, I have no doubt that with you on board HF development will skyrocket!

I'm personally not familiar with Phixel but congratulations eitherway, I'm sure you'll do a great job.

@Omniscient, I'm glad you decided to bring these users in. This way you'll have more time to focus on specific things and hopefully some more free time to focus on your family as well.

luke - February 12, 2018, 1:03 pm

Factor8 is back! Glad to hear admins are back.

Mr Kewl - February 12, 2018, 1:06 pm

Exciting times to be part of HF.

I'm sure this is starting of something great, fresh for Hackforums.

This is very exciting news. I want to congratulate F8 Xerotic and Phixel on their promotions. Additionally, I look forward to their increasingly positive impact they will have on the site, and I can't wait to see what new things come from this.

Crystallize. - February 12, 2018, 1:58 pm

Congratulations!

Well deserved.

Blazin - February 12, 2018, 2:00 pm

I'm not sure about the others but factor8 was a great Admin and someone who I vouched for in the previous thread. He's a nice fair headed dude and really deserves it TBH. Great decision. Also, if you fully trust the designer it will be good to lighten the load off your back. Perhaps reducing a bit of stress as well?

Also xerotic I have nothing but good things to say about him. He's always going out of his way to help HF in some sort. Another well deserved member.

Hopefully with monitoring they can all be vital and nobody goes rogue :)

Lexy- - February 12, 2018, 2:08 pm

Elitas - February 12, 2018, 2:30 pm

Really happy to @Xerotic getting added to the site as an Admin.

Sure he'll do a great job and won't disappoint. He's a natural!

Renovatum - February 12, 2018, 2:34 pm

I've seen Xe around and so far, he's doing great IMO. Definitely a good admin to have, along with others.

Retribute - February 12, 2018, 2:37 pm

Focus on my family is why most things don't get done in a timely manner. I am a stay-at-home dad with 4 kids in my home. And a wife that works full-time. I'm expected to do a lot of things on daily basis. Everything from cleaning, dishes, cooking, and yard work to grocery shopping and taking my kids to school sport activities and doctor appointments. Kids just got over the flu. :(

Everyone should highly respect all your moms that do so much but get very little credit. And not only do I do a lot at home but I also maintain HF as best I can.

But thanks to everyone for supporting this decision.

I think you do a very good job at maintaining HF while having real life responsibilities to take care of. I'm glad the 3 admins are coming in to give you the extra hand, but don't sell yourself short. You took an extra bit to do things but you still got them done. As big of a community this is, you did very well running the show alone. Hats off to you. ?

It's going around, this was the worst flu season ever! Hope your kids are well soon.

I'm happy to hear that you're such an involved parent, kids need their parents around. I wish my parents had the ability to work from home when I was a kid, I definitely missed out on a lot of time with them while I was young due to them working. Cherish all the time you have with them while they're still living with you, because once they grow up and get their own job and bills to pay you won't get to spend as much time with them. ?

Xerotic was 'only' staff then, not admin. Regardless it is good to see him get promoted.

Ice. - February 14, 2018, 1:34 am

It is long overdue Xerotic earned admin, with all is genius stuff with the prestige that him and Steve always do I'm surprised you didn't do it sooner, and I've seen his work on mybbcentral and clearly he knoiws his stuff.

As for Factor8 - He was admin around the time I first joined however it's rarely I see him around besides dealing with groups, hopefully that will change since he earned his title back.

As for Phixel - Haven't seen him around nor heard of him but I'm assuming he knows a decent amount to become admin.

You are correct, I think only Judge Dredd (I think that's what he was called) was admin then (Apart from Omniscient, of course) but I couldn't recall what the user title was. Thanks :)

And yes, it is good to see him promoted. Possibly the only staff member I can recall correctly, after all these years.

Glad to see you branched out and got some more admins, way to go.

Industry - February 14, 2018, 3:47 am

Glad to see you are bringing back some veteran staff/admins from HF's past to help manage the forum. Both Xerotic and F8 are more than deserving of these positions. I've never had an encounter with or seen much of Phixel around the forums, but having seen his joining date I understand why now... I trust that you made the right the decision to add him to the team, let's see what he's got!

Very interested to see what the future holds for HF now, given the increased opportunity for improvements this can only be good for us.

P.s. Happy Valentines too you guys ?

Xerotic - February 14, 2018, 6:38 am

Thanks for all the support everybody. I am very excited to see the development of HF in the coming

months. Stay tuned!

Factor8 will be returning. He was the best Admin HF ever had and he's going to be in full charge of account recovery. He will have ACP access but not FTP.

hands down best hf admin I have ever dealt with.

Username was Hanzo/Guru.

Also Crow used to be admin before after iBF and before F8. Also one of the longest serving staff members of that time.

And Judge Dredd was admin, and he handled all the reputation abuse related complains. There

was a section dedicated only for rep complains.

So Dress started with admin was demoted, and then was staff again.

That's because "thanks" doesn't contribute anything to the forums. Thanking people should be done by using the reputation or PM system.
