Thread: [Would you play a game of russian roulette for her?](#)

1) Put one bullet into a six chamber revolver

2) bzzt you spin the chamber

3) Hold the gun to your head , you get massive adrenaline

4) Pull the trigger

4) ~16.6% chance of death, 83.3% of having this girl as your gf. She has a good personality, loves you a lot etc.

Would you do it? Why or why not?

Shuxas - February 14, 2018, 9:38 am

Well heck, Y'know I would do it, because its a win win situation, either end quickly, or get a gf

Bossk - February 14, 2018, 9:42 am

what the fuck who the hell would even consider doing this lol

DeadKube - February 14, 2018, 9:44 am

Who the fuck is that desperate for a girlfriend? Holy shit what kind of question is this even? Are you that lonely?

Anyone voting yes is completely useless in society.

Im talking about the specific girl in the OP, not some random cunt

The Slotfather - February 14, 2018, 9:58 am

Nah I would never do it for the girl on the picture. I would put the money for the date on the European roulette instead :D

My answer still stands, silly.

She looks like a 0/10 without makeup and crazy anxiety/depression issues that will need attention

like a dog that follows you around all day.

? Soufian ? - February 14, 2018, 10:00 am

She's white as fuck. So I skip on this one.

I wouldn't even throw my life on the line if there was a 1% chance to die.

SIM-2875347 - February 14, 2018, 10:01 am

Sure, why not. She wears a bit too much makeup but eh

Youtube Comments - February 14, 2018, 10:02 am

doing that would be some desperate ass shit imo

Baranowsky - February 14, 2018, 10:03 am

You're very fucking welcome.

Pre-eminent - February 14, 2018, 10:07 am

She isn't even that hot tho. I doubt she would play a game of Russian roulette trying to win me, so I'm skipping this one lol.

load up one bullet or more?

SIM-3257834 - February 14, 2018, 10:10 am

I would rather put 6 bullets revolver and have my brains splat all over her. That way I'll forever be in her mind and on her even after 1000 washes.

Bleach is a pretty good way to remove blood. She will look even whiter, but she'll barely notice the difference anyway.

she will appreciate your dedication

Purple Kief - February 14, 2018, 10:14 am

I'd play the game for her to take those buckets of make-up off. Jesus christ women these days.

Baranowsky - February 14, 2018, 10:19 am

Tbh. This is just a way to increase the post count. People are looking for new awards. I'm just gonna stop here because I don't care about the award and don't need to be seen as desperate for an award. Actually, I don't really care what people think anyway. So, whatever. Go for it.
