Thread: [works | an independent group for artists.](#)

Rivalry - February 15, 2018, 4:26 am

Update - 21/04/18 - works is taking a hiatus for the next month. We'll still be making high-quality posts in the Graphics forums, but our usual timetable is on hold; all three of us are gearing up for the busiest time of the year professionally and educationally, so lack the time to create our weekly content. See you in May!

Don Vito Corleone - February 15, 2018, 9:09 am

This looks like an awesome GFX group, I'm interested in seeing how this will impact the GFX section.

^^^ This, I'm not doing much to help myself (lack of time), but soon I'll have more time soon to contribute more to the GFX section.

Your thread design tutorial has helped me a bunch during many projects.

Ganja - February 15, 2018, 12:21 pm

Great thread design! I'm not skilled enough nor do I have enough time to join this, but I'd love to see what you guys can do. Best of luck!

Thanks everyone for your kind words! Our first Freebie Friday is now live [here](#). On Sunday we'll host our first Crit Pit, and then Tuesday will see the launch of Tutorial Tuesday. What a time to be alive...

Wespa - February 16, 2018, 4:07 am

The best of luck with this, the gfx section has been dead for years.

Kenjataimu - February 16, 2018, 4:10 am

This>official groups

You guys actually have a public plan and straight up told us how you are going to give to the community.

I like that and it's something more groups should do. Most of the time they are vague and nothing ever comes of it.

ManWithDarkness - February 17, 2018, 2:07 am

Nice to see artists like me

Regulus - February 17, 2018, 2:11 am

Thought this was about music artists haha.

But hey, best of luck, looks good!

Changement - February 17, 2018, 1:30 pm

Looks promising!

Looking forward to see what the group and artists will provide for the community, we need this in the GFX section :)

off-white on my prestos all these girls im running through..

for real though, i like the concept of this group.

#Doge - February 18, 2018, 7:01 am

Hey this looks good. It'd be nice to see rmg active again. Miss the days when people actively gives criticism instead of plain ratings. Really learned a lot from those.

Daiwa - February 19, 2018, 5:59 pm

I'd very much like to see this as a userbar.

Hydraxus - February 19, 2018, 7:09 pm

I was curious to why people had this logo on...

Guess I found out why now.

Would strongly recommend a read if you ever buy or sell graphics on HF! It'll help you purchase/create higher quality work.

good ideas/planning paired with good members. best of luck fellas

Rivalry - March 5, 2018, 4:00 am

We're going strong! All our series are up and running with no missed/late posts so far. It's difficult to gauge at this early stage, but activity in Rate My Graphic has increased dramatically over the last week which is awesome to see. Check out our threads in the Graphics sections if you want to see what we're up to, and if you have any feedback or suggestions for what we could do better then we'd love to hear it :)

One of the coolest and most original groups I've seen. Surprising to see one that is actually doing public stuff like tutorials. Makes me wish I knew anything about graphic design haha. Keep up the good work guys.

DOG - March 14, 2018, 6:08 am

Amazing group! Amazing People! Amazing tutorials!

Thank you for what you are doing!

Edit: You should update the OP thread and add at the bottom all the links of the threads/tutorials you made!

Meow - March 23, 2018, 3:16 pm
