You accept only crypto for payment? Would you accept another payment method with proof of funds?

I live in a college town. Does that help execute the method?

Pretty sure we can negotiate and yes it does help, you can probably make A LOT if you live in a college town.

However, I am not selling it yet! I am going to wait for the vouch review first

podster - February 19, 2018, 9:09 pm

posting to come back later, hopefully will see some reviews soon!

Edit: any reviews yet?

Pain - March 26, 2018, 6:14 am

Since none of the 2 vouchers could deliver as they DO NOT live in the US. Will be giving one vouch to someone who lives in the US.

Made hundreds already just doing minimal work on the way to my actual job. within the time frame of posting this thread.

Upon doing further research I just figured out it can also be used in the UK/European countries.
Might have to make separate directions although it will not differ by much.

Alright guys seem like the method has finally been cut down a bit due to some restrictions. Which means you will earn less money, however still a extra hundred in your pocket a month. I might sell this method for \$10 as that is what I think it is worth due to the change.
I would like to explain you make this back the first week with ease and more.

Not sure if I should remake a thread or stick to this one.

Looking forward to some reviews... But I'll get in touch with you when I get home on skype...

But quick question does this have to do with selling or completing a task?

Before I begin my review, I would like to thank you for giving us ("Appraisers"), the opportunity to review your eBook.

Product: [\[RAPID INCOME \] \\$10>> NEVER SEEN BEFORE METHOD // UNSATURATED // PROFIT GUARANTEED!//](#) by "PAIN"

This eBook consists of 1 method and 1 page, more or less anyway.

Before I get into the method I will talk a bit about the grammar and structure of the eBook. This method is not given in any sort of word or pdf document. As far as I was informed, OP gives this in a txt format and that's it. Personally, I was given this eBook copy pasted via PM's as it is as short as it is. On the grammar side I saw a few mistakes. But as the eBook is so short you can't really mess up too much even if you try.

Now the method itself. This method is based on media and entertainment, though I can't really say much more than that. You will be required to have a small initial investment, around \$15 or so to start will suffice. There seems to be a little waiting time with this as far as I understand, but you will be able to get some money rolling in within 7 days or so. The method will require you to go out and do this in person, or at the very least have someone do it for you. What you will be doing is offering something cheaper to customers of these places, and you will then in turn make money using the method included here. The method seems very straight forward and easy to do, and can easily make you some decent cash if you know how to sell to people etc. Also, it should be mentioned you will only be able to use this method in the USA as far as I am aware. This may work in Canada or similar countries as well, but I believe it only works in the USA. Not much else to really mention about this eBook as it is as short as it is. But as I already said, this seems to be a very simple straightforward method that can also make you some easy money, you will just need to go out to do it.

Final Thoughts

To OP I would suggest you at least put this method into a Word document and try to structure the eBook a little better. It's alright as it is now, but it could no doubt be better as well.

If you are looking to buy this, it can easily make you some money if you are willing to put in just a little effort. As said though, there is a small initial investment needed, and you can only do this in a specific country. Other than that, as long as you fit the geo location requirements and you have a few bucks to spare, this method should work just fine for you. Literally all you need to do to make some money with this method is moving your ass and taking a short trip outside.
