Thread: [\[Official Group\] Unity Programming Challenge Recruitment \[#3\]](#)

Crystallize. - February 19, 2018, 7:52 am

Unity is Recruitment-Based Only

We are only as strong as we are united, as weak as we are divided.

Group Userbar

Forum Icon

Owner:RaZoR

Leader: Crystallize.

Requirements

- Must be active and participate in our projects.
- Must contribute to the group.

How to join!?

You'll have to reverse the database, get the timestamp and PM me with the date/hour.

Download by clicking [here](#)

or

<http://www.mediafire.com/file/7p3uht5ox7wawz7/unity.data>

NOTE:DO NOT POST HERE HINTS OR THE TIMESTAMP, SEND ME A PM WITH IT.

Good luck, everyone!

Crystallize. - February 21, 2018, 7:52 am

No applicants at all? Come on "programmers"

?heshire - February 21, 2018, 8:00 am

ill enter this even though I completed the pentesting challenge

sAVITAR - February 21, 2018, 8:12 am

I'll take a look but guess it's some lost hope again lmao

Crystallize. - February 21, 2018, 8:18 am

Whoever completes this has a 100% chance to join the group.

I hope so.

I did the pentest too ._.

Oh, a question i would like to ask. With reversing do you mean reverse engineering?

Crystallize. - February 22, 2018, 7:14 pm

Yes, you have to get the timestamp.It's not easy but also not hard.

Aurorar - February 22, 2018, 7:21 pm

any other way of joining the group even though im not a programmer?

Speci4IK - February 22, 2018, 7:27 pm

You guys really like PW ;)

Edit: How much time is left?

Crystallize. - February 22, 2018, 9:29 pm

Pw? What does that mean?

Also time is not limited we will close the recruitment when I see it should be.

RaZoR - February 23, 2018, 5:13 am

Edit: How much time is left?

Yes, its angelica engine part :p

good luck there are no any public documents/tutorial for this reverse.

still have time, give a try since you recognize what it is :p

Speci4IK - February 23, 2018, 3:06 pm

Wow, I started 1 hour ago this challenge and is pretty cool. I have never done a reverse of a data file, so im finding it hard xD

Is this used to hack videogames? If so, i think its a pretty useful stuff :)

To the PW question, ill answer you in pm, i dont wanna give hints (in fact, i had abbreviated that to not give hints)

Edit: Oh, i forgot i can't pm people till i reach 25 messages xD. Ill answer you later

Okey, after being a lot of hours yesterday searching for how to reverse things like this and being today trying like three hours, i think i got something, but it has a high probability of being a total fail. A VERY high probabilty xD.

If the time ends and i dont find the correct answer, would you tell me how the timestamp is found?

Speci4IK - February 24, 2018, 11:18 pm

I think i've almost completed the challenge. I'll pm Crystallize today. I hope its the right answer :)

Edit: Can i ask in pm Crystallize or RaZoR if i am doing it correctly?

the6ix - February 24, 2018, 11:40 pm

Has anyone even completed this yet? Because I'm stuck.

Speci4IK - February 25, 2018, 12:39 am

(Feb 25, 2018 12:40 AM)the6ix Wrote: [\[CITE\]](#) Has anyone even completed this yet? Because I'm stuck.

It seems like anybody has completed this hahaha. Good luck bro!

RaZoR - February 25, 2018, 8:37 am

Edit: Can i ask in pm Crystallize or RaZoR if i am doing it correctly?sure no problem

(Feb 25, 2018 12:40 AM)the6ix Wrote: [\[CITE\]](#) Has anyone even completed this yet? Because I'm stuck.i didnt get any pm yet maybe Crystallize got

Crystallize. - February 25, 2018, 11:48 am

Nope nobody completed this so far.

Special4LK is near though.

Speci4IK - February 25, 2018, 4:57 pm

Now i think i've completed it. Im pm'ing Razor and Crystallize

Crystallize. - February 25, 2018, 5:08 pm

(Feb 25, 2018 05:57 PM)Speci4IK Wrote: [\[CITE\]](#) Now i think i've completed it. Im pm'ing Razor and Crystallize

Please pm only me, razor is busy.

And youre near :)

Crystallize. - February 27, 2018, 1:52 am

Where are the real programmers :)?

Elitas - February 27, 2018, 4:04 am

(Feb 27, 2018 02:52 AM)Crystallize. Wrote: [\[CITE\]](#) Where are the real programmers :)?

Too busy programming to notice this thread. ?

Speci4IK - February 27, 2018, 10:37 am

I'm trying the last things i think i can use, and probably i will reach the timestamp today. If i have bad luck i'll reach it tomorrow. If i don't find it, i think i'll have to surrender until i realise another way to reach the timestamp.

I think next time i'll have to study more things of reversing.

Anyway, this is the coolest CTF i've played from far :) . I've never been stuck in a CTF so much time, and i also learnt a lot of things.

Keep doing this type of challenges!! ^^

Crystallize. - March 2, 2018, 9:19 pm

This is going to end soon. Make sure to enter before it's too late.

Speci4IK - March 2, 2018, 10:10 pm

Has somebody completed this already?

Crypt - March 2, 2018, 10:13 pm

I'm embarrassed to say I don't even know how to properly open a .data file.

Maybe someday I'll be in the group :(

Crystallize. - March 2, 2018, 11:12 pm

(Mar 2, 2018 11:10 PM)Speci4IK Wrote: [\[CITE\]](#) Has somebody completed this already?

Not really, you're the only one near completion though.

Elitas - March 3, 2018, 3:19 am

(Mar 3, 2018 12:12 AM)Crystallize. Wrote: [\[CITE\]](#) Not really, you're the only one near completion though.

Maybe we should look at changing the challenge in the future. This one might have been a little too hard for some members.

Speci4IK - March 3, 2018, 6:06 am

(Mar 3, 2018 04:19 AM)Elitas Wrote: [\[CITE\]](#) Maybe we should look at changing the challenge in the future. This one might have been a little too hard for some members.

Well, thats the point, in that way only pros will enter hahaha
