Thread: [Skeet Invite Codes + Accounts](#)

Hey.

I'm selling accounts and invites to the well-known CS:GO cheat Skeet aka Gamesense.

You'll be held responsible that you keep your mouth shut that you paid for the invite or else both your account and my account whom invited you will be banned.

All accounts sold are secured atleast for one month and it'll be your job to get a HWID reset.

Invites \$149.99

Accounts \$49.99
