Thread: [Huge Whitney Wisconsin Collection](#)

Eucatastrophe - February 20, 2018, 8:49 am

Hi Everyone,

For those of you that don't know, Whitney Wisconsin is that girl that became internet famous for very questionable things.

So I've had Whitney's premium snapchat since March 2017 (doesn't contain any of the content she's infamous for, which if you know her you'll know what that is).

Anyways, I've managed to save every single snap she's posted since March 2017. I currently have 600+ Videos and 1400+ Pictures that I've grabbed from her premium snapchat (Thank god for Jailbreaks and Phantom Lite).

It would probably be pretty hard to E-Whore using pictures of her face since she's pretty well known around the internet, but there are a lot of snaps of her playing with herself that don't contain face that might be useful to some people!

I'm trying to decide whether or not I should share this collection, so is this something you guys would be interested in? We're talking over 7+ GB of content here, so it would be quite an enormous task to share.. but if the interest is there ?

I think i've missed this. Who is she and what has she done? Googled a pic of her and she looks decent but not hot tbh. Anyone care to explain?

For what i can remember she has been accused many times for some bullshits she has done. I was typical to follow her on tumblr where she was active, she used to post daily what happens in her life. I remember a scene where she was with her friend at mcdonald if i'm not wrong, they lurked in a corner and her friend licked her punani.
Just a teen living on the edge.
