It also depends on the currency you bought it with, but it should come in within 24 hours. If not, contact an Admin.

Please allow for up to 24 hours for it to process. The transaction will require 3 confirmations. You can track the transaction along with confirmation information on the [Blockchain Explorer](#).

I have upgraded you manually. Seems to be a problem at Coinpayments not always sending an IPN. This is the 3rd time in 2 days and I just opened a ticket to ask them about it.

CP problems continue. :(
