Gordon Ramsay has been my top source of entertainment for the past week. I can't stop watching. Kitchen Nightmares and Hotel Hell specifically.

Has anyone else gone through this phase? Not necessarily with Gordon Ramsay, but something in particular that you never watched before that point in your life.

Tryhard-unique - February 21, 2018, 5:46 pm

That guy is a damn hero.

Love him.

FryPan - February 21, 2018, 5:46 pm

Holy shit same.

I was just watching "Gordon Ramsay actually liking the food" today & "Making the perfect burger" yesterday.

I've been binging Gordon so much recently, damn.

Ninja - February 21, 2018, 5:47 pm

Hell's Kitchen is one of my all time favourite shows and I watched a lot of seasons and episodes. Sometimes I go on youtube and just keep on watching.

Tryhard-unique - February 21, 2018, 5:47 pm

I love the facebook video where he's raging and it's replaced the adults with the kids.

'You're so F"king stupid, you should be f"king ashamed' enter crying child.

This doesn't surprise me. There's nothing the internet won't spit out for a laugh.

Never watched any of his shows but I enjoy the highlights. Him absolutely roasting people is hilarious.

F5VE - February 21, 2018, 6:33 pm

That's where it all started for me. The highlights. Before I knew it I was an entire seasons and 5 episodes of the second into Hotel Hell.

I've seen those vids on Facebook. The guy reacts to his comments, the sellout... Anyway, he uses like a helium/chipmunk filter to make his voice "funny" for the vids. In reality he's annoying.

FNF3TD - February 22, 2018, 2:31 am

The guy is hilarious. Try and look at his twitter where he judged several food pictures his followers tag him

Diabolic - February 23, 2018, 3:46 am

The man simply has no filter. That's why he's entertaining.

blackpantherdab - February 26, 2018, 8:49 pm

Yeah, have you seen his documentary that he did recently on coke? I never thought that it was actually such a big problem in the UK and especially London. The way they make it is gross.

soloflight - March 7, 2018, 3:14 am

The F Word! hahaha.. When he's not pleased then you ought to be ready for some love smack.

joejoerobin1 - March 7, 2018, 5:30 pm

Narrate - March 12, 2018, 9:57 pm

Met him in Vegas, really cool dude from what I could tell.

fingerlakes - March 30, 2018, 8:08 pm

Ivysky - May 4, 2018, 2:53 pm

TheLegend6931 - May 5, 2018, 5:51 pm

Chosen 1 - May 5, 2018, 6:11 pm

Dude I went through this phase for almost a month, he is a savage

Omise - May 5, 2018, 6:15 pm

I've been watching his clips on YouTube non-stop for the past three days. The funniest one was when he went to a hotel and the owner was in his private room smoking weed and he told Ramsay it was herb.

Man check this out if you haven't seen it yet, I died when he asked the man to pray over his food.
